2013-2014 Refuge-Specific Hunting and Sport Fishing Regulations; Correction

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Correcting amendments.

SUMMARY: We, the U.S. Fish and Wildlife Service, published a final rule in the **Federal Register** on March 17, 2014, to amend the refuge-specific regulations for certain refuges that pertain to migratory game bird hunting, upland game hunting, big game hunting, and sport fishing for the 2013-2014 season. Inadvertently, we made two technical errors in our regulatory

text for Arapaho National Wildlife Refuge in Colorado. This action makes the necessary corrections to the regulations for that refuge.

DATES: This correction is effective [INSERT DATE OF PUBLICATION IN THE FEDERAL REGISTER].

SUPPLEMENTARY INFORMATION: In a final rule that published March 17, 2014 (79 FR 14809), we amended the refuge-specific regulations for certain refuges that pertain to migratory game bird hunting, upland game hunting, big game hunting, and sport fishing for the 2013-2014 season. The Arapaho National Wildlife Refuge (NWR) in Colorado is one of the refuges for which we published amended regulations. In the final rule, we inadvertently required that hunters may only use shotguns as the legal method of take for migratory game birds and upland game on Arapaho NWR. This requirement is inconsistent with Colorado State regulations, which allow take by both shotgun and falconry. Therefore, we are correcting the regulations for Arapaho NWR to provide that take of migratory game birds and upland game must comply with State regulations.
